what the critics are saying...

“Revenge is a truly epic adventure! Terrifying, enchanting and wholly gripping from beginning to end.” — Zak Bagans, *Ghost Adventures*

“REVENGE is horror fantasy at its very best: magical, truly frightening, lyrical and sewn-through with a thread of hope. Gabrielle Faust & Solomon Schneider are two of the most exciting horror writers in the business.” -Jonathan Maberry, New York Times bestselling author of DUST & DECAY and DEAD OF NIGHT

“REVENGE is an epic tale of cosmic proportions. Faust and Schneider’s dark-yet-effervescent prose is a delightful commodity seldom seen in modern horror. Dark, imaginative, unrelenting and graceful, the writing will make you forget the passage of time. REVENGE drips with intelligence and the prose is a unique blend of horror and beauty that will shake your psyche awake. The perfect mixture of horror and lyricism that Faust & Schneider bring to the table can not be found anywhere else in modern literature. REVENGE is a spellbinding read that will ensnare you with its spiraling cyclones of horror and beauty and keep you turning the pages.”
— *The Austin Post*

“Gabrielle Faust’s book is full of poetic imagery. She finds beauty in the shadows and the horror of a devastated civilization. Faust sheds new light on vampire culture, making them angels, instead of demons...For those that crave vampire fiction with a dark soul, Gabrielle Faust delivers on all levels.”
— Scars Magazine

“This is undoubtedly one of the most beautifully written books I have ever read.”
— *The Vampire Chronicles Magazine*

“Gabrielle Faust is a fascinating new voice emerging from the nightmare of sound-alike authors. She is a writer to watch.”
— Del Howison, Bram Stoker Award winner

“Faust writes with a simplicity that betrays the fact that she’s a seasoned artist and accomplished author. “Regret” is built with a graceful, precise and evocative prose that’s hard to find in the horror genre. Also, Faust’s artistic inclinations enter the book every time she uses words to vividly paint a landscape. Max Ernst, Edvard Munch and H.R. Geiger are all mentioned in the book and Faust’s writing is at times reminiscent of each artist’s work.”
— Gabino Iglesias, *The Austin Post*

“Eternal Vigilance packs a wallop in the same way that a hydrogen bomb makes a big noise. This novel is a fantastic and utterly enjoyable read – and the best part is that with this first book, Tynan’s journey has just begun. Readers will be privileged to re-visit these fascinating characters and author Gabrielle Faust’s imaginative and brilliant new world/universe creation in the planned sequel novels to come. I, for one, can hardly wait for the next one to arrive. Eternal Vigilance receives my highest recommendation.”
— Norman L. Rubenstein for *Fear Zone*

“With prose the texture of deep velvet, Faust draws us down to the depths of a story as old as fear, as dark as sin, and as deep as Satan’s heart. The lines between friend and foe are re-drawn. She captures desperate obsession and hunger, outlining each with the passion for existence that burns in all beings.”
— *Fantasy Book Spot*

“Eternal Vigilance is the main artery leading to the heart of all vampire stories. Not since Interview With a Vampire has there been a greater tale of the undead. My mouth became dry reading it. My pulse quickened. This book makes you thirsty for bloodlust. Gabrielle Faust is the queen of vampire fiction.”
— Eric Enck, Author of *Ghost of a Chance & The Reckoning*

“With the Eternal Vigilance trilogy, Gabrielle Faust has given the vampire genre a much needed vitamin B-12 injection and made herself the Queen of Cyber Goth. The Death of Illusions ups the ante and action of the first book, setting the stage for what promises to be an epic resolution. All of this is accomplished with a lush love of poetic language that puts Faust in a class of her own.”
— Greg Lamberson, *Johnny Gruesome* and *Personal Demons*

“Screw Twilight! Eternal Vigilance is the vampire series everyone should be reading!”
— *Fatally Yours Reviews*

“Faust’s writing style is richly gothic, but she doesn’t fall into the trap of all too flowery prose, rather she spreads a splendidly velvet web over her story.”
— Taliesin Meets the Vampires

“Vampires are comfortable in their familiarity, in their Gothic surroundings as ornate as their inner contortions. Faust pulls vampires out of their well-worn trappings and puts them in the realm of the desolate. Deal with it.”
— Michael Marano, Bram Stoker Award Winning Author of *Dawn Song*

“Gabrielle Faust’s new book, Eternal Vigilance, is Haiku pumped to the max! You can smell the roses, but first, you feel the prick of the thorns, and you drink the slow, seeping blood. Lock the door, turn off the telephone, pour a glass of fine Cabernet and immerse yourself into Faust’s world...a ‘world that fears silence, a culture that never breathes’. In her world, vampires are romantic, street smart, and, yes, dangerously sexy. Trust me, you will enjoy the trip.”
— Gary Kent, Director of *L.A. Bad* & Producer of *The House Seven Corpses*

press release

FOR IMMEDIATE RELEASE

AUSTIN, TX – Acclaimed horror author and entertainment personality Gabrielle Faust is currently celebrating the release of the third novel in her post-apocalyptic vampire series, *Eternal Vigilance*, by publisher Immanion Press (Stafford, UK), owned and operated by legendary fantasy author Storm Constantine.

The currently crowned “Queen of Cyber Goth” and recently dubbed “New Orleans Vampire Royalty” continues her epic story of Tynan Llywelyn and his quest to save the world from an evil technological dictatorship and the vampiric god they wish to invoke in *Eternal Vigilance III: Bound in Blood*.

When Tynan Llywelyn awoke from a century of Immortal Sleep in the year 2111 his Maker, Phelan Daray, delivered him by force into the arms of a war between the Tyst Empire, a global technological dictatorship bent on becoming immortal by resurrecting a vampiric god called the Vicinus and the Phuree, the human rebel uprising. Without a chance to fully adapt to the dangerous war-torn world around him, Tynan was forced to make a horrific choice to either stand and fight against the Tyst Empire, carrying out a mission to assassinate the Queen bearing the vampiric god, or turn his back on the world, leaving it to the mercy of the Tyst’s greed and the Vicinus’ revenge. Against his better judgment, he chose to fight. Now, with the rage of a thwarted empire and a denied primal god bearing down upon him, Tynan must make his final stand, risking everything to save not only his own vampiric race, but humanity as well.

What the literary world is saying about *Eternal Vigilance III: Bound in Blood*:

“Gabrielle Faust again takes us into her post-apocalyptic world of vampires, magic, and technology gone insane; where America is just a name on a faded map. The ease with which she draws us in and keeps us in that charred and hardened world builds upon the richness of the legacy she is creating. The third installment of *ETERNAL VIGILANCE* is a must read for enthusiasts of the modern vampire genre.”

— Lord J, Vice President of the Anne Rice Vampire Lestat Fan Club

“Equal parts Zelazny and Rice, Gabrielle Faust has taken the vampire back to the future and made it her own. In *EV3*, she creates an arresting page-turner without altering the poetry of her prose one bite. Both disturbing, fascinating and filled with all-too-human indecision on the part of her troubled hero, the Queen of Cyber-goth proves she can deliver once again.”

— Mark Worthen, *Thicker Than Water* co-author

“This tale grabs the reader for a harrowing journey that is epic in scope but intimate in tone and detail. The vampires are savagely erotic, driven by equal parts duty and passion, in a way that will thoroughly satisfy any fan of dark fantasy.”

— Kim Paffenroth, Professor of Religious Studies, and author of *Gospel of the Living Dead*, *Dying to Live* and *Valley of the Dead*

“Gabrielle Faust is a fascinating new voice emerging from the nightmare of sound-alike authors. She is a writer to watch.”

— Del Howison, Bram Stoker Award winner

“A delightful contribution to vampire lore in a way only Gabrielle can satisfy. Rich in character and substance.”

— Nicholas Grabowsky, Acclaimed author of *Halloween IV*

FOR IMMEDIATE RELEASE

Acclaimed horror author Gabrielle Faust and metaphysical philosopher-poet Solomon Schneider slated to release new dark fantasy novel in 2012

AUSTIN, TX – Acclaimed horror author Gabrielle Faust and the metaphysical philosopher-poet Solomon Schneider were signed to Barking Rain Press in November of 2011 for the release of their innovative new dark fantasy adventure novel *REVENGE*. Already touted as possibly one of the most exciting new novels of 2012 by industry insiders, *REVENGE* has garnered the respect of such noted paranormal celebrities as Zak Bagans of the internationally renowned Travel Channel series *GHOST ADVENTURES* and the NY Times Best-Selling author Jonathan Mayberry.

“We are beyond excited about the release of *REVENGE*. We have had to fight numerous trying battles to see this book published, but have done so because we believe wholeheartedly in the power of this tale. Schneider and I have created a very unique world unlike anything either of us have read before!” Stated Gabrielle Faust in regards to the new novel’s release.

SYNOPSIS:

When Marcus Glenfield committed suicide, he took his place among the Legions of Hell as the Demon of Regret. When he learns that the Prince of Wickedness, Belial, is planning to take his former fiancé, Brenda, as his consort, Marcus’ newfound belief in a second chance is quickly shattered in a fit of all too human rage. Incensed by the new demon’s disrespectful hostility, Belial plunges Marcus into the deepest pits of Hell. But Lucifer has other plans for Marcus. For in the tormented lands of Purgatory, a strange and powerful uprising has gathered to form a new plane of existence—one that would break the ancient caste system of Heaven, Hell, Purgatory, Limbo and Earth, thwarting both God and Satan’s permanency within the universe. Not only have these brash metaphysical pirates kidnapped the powerful child born of Brenda and Belial’s union, they have also guided Marcus out of the prisons of Hell to their new realm. When they promise Marcus freedom in return for his help, he realizes that he will finally have to choose a side. But can he find one that he can truly believe in?

WHAT THE WORLD IS SAYING:

“Revenge is a truly epic adventure! Terrifying, enchanting and wholly gripping from beginning to end.” — Zak Bagans, *Ghost Adventures*

“*REVENGE* is horror fantasy at its very best: magical, truly frightening, lyrical and sewn-through with a thread of hope. Gabrielle Faust & Solomon Schneider are two of the most exciting horror writers in the business.” -Jonathan Maberry, New York Times bestselling author of *DUST & DECAY* and *DEAD OF NIGHT*

“*REVENGE* is an epic tale of cosmic proportions. Faust and Schneider’s dark-yet-effervescent prose is a delightful commodity seldom seen in modern horror. Dark, imaginative, unrelenting and graceful, the writing will make you forget the passage of time. *REVENGE* drips with intelligence and the prose is a unique blend of horror and beauty that will shake your psyche awake. The perfect mixture of horror and lyricism that Faust & Schneider bring to the table can not be found anywhere else in modern literature. *REVENGE* is a spellbinding read that will ensnare you with its spiraling cyclones of horror and beauty and keep you turning the pages.” — *The Austin Post*
